KEY FEATURES

- **All-in-One Resource Hub:** Get instant access to critical tools, legal cases, departmental forms, and training materials—all right at your fingertips.
- **Effortless Document Generation:** Create, customize, and update search and arrest warrants. Our system seamlessly integrates with your department's specific forms.
- **Driver's License Scanning:** Use your device's camera to instantly scan driver's licenses, autocompleting forms and eliminating manual data entry errors.
- **Quick Arrest Warrant Creation:** Automatically determine the need for felony or misdemeanor documentation and generate a probable cause affidavit in seconds—fast, accurate, and stress-free.
- **Efficient Charge Code Lookup:** Instantly find the correct Missouri State Charge Code by typing simple keywords like "Stealing." Ensure accuracy and compliance with the latest codes.
- **Advanced Case Law Search:** Easily search local and national legal databases for relevant case law using basic or detailed queries to strengthen your reports.
- **Professional Development Resources:** Access a curated library of links to free and low-cost online training courses to advance your skills and career.
- **Mobile & Desktop Friendly:** Stay connected and efficient on any device—anytime, anywhere. Patrol Connect is designed for use in the patrol car and at the station.
- **Top-Notch Security:** Your data stays private. Warrant generation and document processing occur on your device with advanced encryption for secure data sharing, adhering to CJIS and HIPAA standards.

AT A GLANCE

- "56% of law enforcement professionals say they spend **three hours or more per shift** writing incident reports or on other documentation" - Police1
- "The right technology can act as a **force multiplier**, allowing police departments to do more with the same number of officers" - StateTech
- "Heavy reporting demands divert officers' focus away from caring for people within their communities; instead, they spend hours filing incident reports." - Police Chief Magazine
